

アラン ミモ

ALAIN MIMEAULT

FULL-STACK DEVELOPER

Specialist in
Humanities/Engineering visa valid
until 2028

English | French: Native

Japanese: Preparing for N2

Chinese: Conversational

ABOUT ME

Transitioning from ESL education into Full-stack development, I bring a communication-first mindset to building web applications. My experience teaching has shaped how I approach problem-solving: breaking down complexity, anticipating user needs, and delivering clear, usable solutions. I work primarily with Ruby on Rails and JavaScript and am motivated to keep building with these and more.

SKILLS

Coding Languages

Ruby | Python | TypeScript | SQL

Frameworks

Ruby on Rails | Stimulus | React

Front-end

HTML | CSS | SCSS | JavaScript

Database

PostgreSQL | SQLite

Tools

Git | Heroku | Copilot | LLM APIs
